COLLOQUIUM

Role of Ocean on Climate Change and its Impacts on the Ocean

Satheesh Shenoi (INCOIS, Hyderabad)

11 Nov 2024 (Monday) | 16:00 Hrs (Tea / Coffee 15:45 Hrs) | Venue: TIFRH Auditorium

The talk will provide a brief review of the evidence for climate change, explore the ocean's role in distributing and sustaining these changes, and examine the impacts of climate change on the oceans. Finally, it will conclude by considering whether the world is on track to contain or mitigate climate change.
